¿CÓMO USAR PICKIT 3?

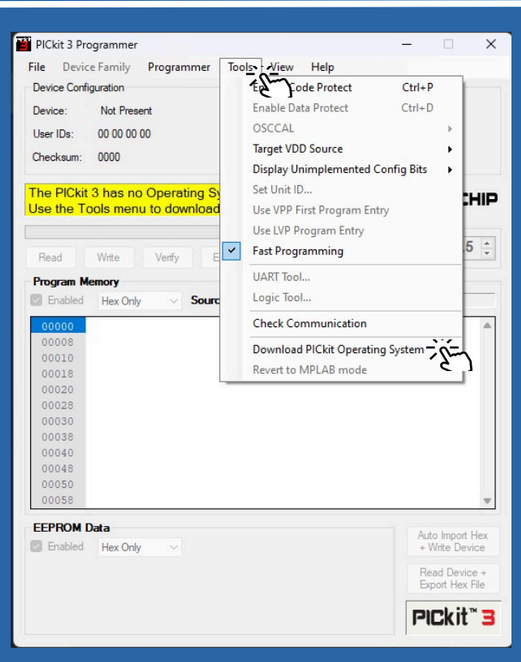

Conecta tu PIC desde tu Protoboard, conéctalo correctamente.

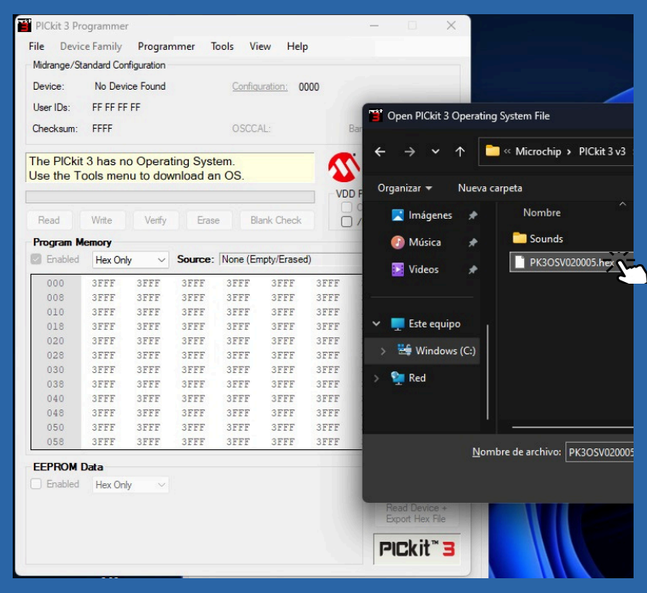

Ahora entra al entorno PICKIT 3.

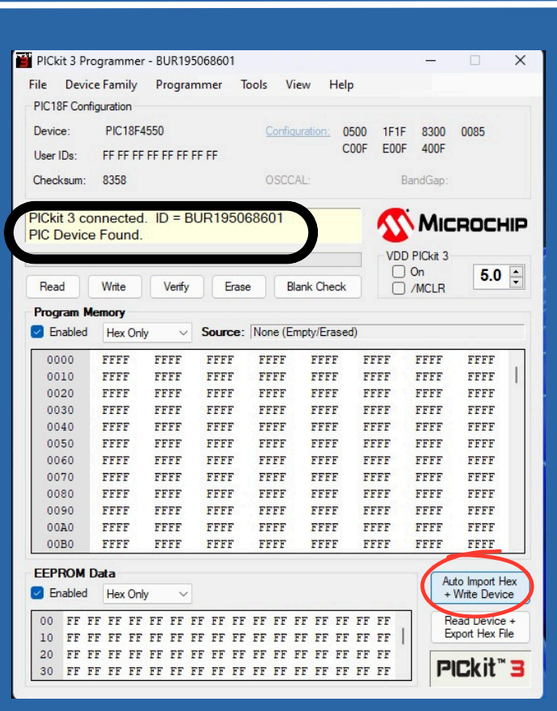

Ahora instala el “OS”.

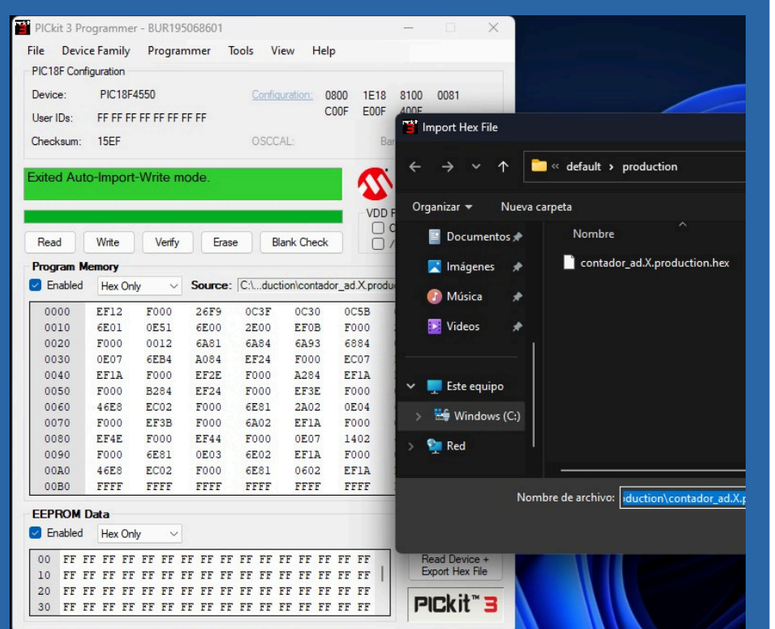

- Haz click en Tools
- Haz click en Download Pickit OS

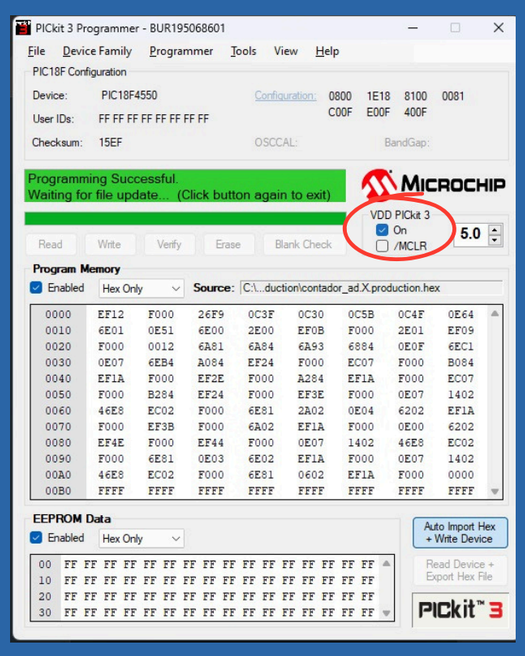

Recuerda que el “OS” debe ser un .HEX

El PIC a sido reconocido.
Ahora da click en Auto Importar Hex.

Selecciona tu programa “.Hex”.

Enciende tu PIC donde dice “ON” y listo tu PIC esta listo para usar.

¡Hagamos del laboratorio un lugar seguro y divertido para aprender!
